expectations

On the Rise — **At the Peak** — **Sliding Into the Trough** — **Climbing the Slope** — **Entering the Plateau**

Activity beyond early adopters

Supplier proliferation

Mass media hype begins

Negative press begins

Early adopters investigate

Supplier consolidation and failures

First-generation products, high price, lots of customization needed

Second/thrid rounds of venture capital funding

High-growth adoption phase starts: 20% to 30% of the potential audience has adopted the innovation

Methodologies and best practices developing

Startup companies first round of venture capital funding

Less than 5 percent of the potential audience has adopted fully

Third-generation products, out of the box, product suites

R&D

Second-generation products, some services

Technology Trigger — Peak of Inflated Expectations — Trough of Disillusionment — Slope of Enlightenment — Plateau of Productivity
